The Nugget is California's Leading Mining Weekly

Nevada City Nugget

VOLUME II, NUMBER 50 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER OCTOBER 29, 1928

DIRT TO FLY ON TAHOE UKIAH BY EARLY SUMMER

Information from Sacramento to The Nugget is to the effect that the plans and specifications for the new highway construction on the Tahoe Ukiah state route eastward from Nevada City for a distance of fourteen miles to the Junction House are now being prepared in the offices of District Engineer F. W. Haselwood of the state highway commission and are expected to ready for letting out to bids around the first of the year. This means that clearing of the right of way can proceed shortly thereafter and actual construction be under way by early summer.

Not a great deal of the present temporoary road built the past two years will appear on the new alignment as the new highway will not exceed a six per cent gradient at any point. The $300,000 allocated to this work is available at any time.

The roadway is also to be surfaced when completed which means that it will be a year around road after this year which will mean a great deal to the mining interests operating north of Washington.

The next year or so should see the route completed to a connection with the Victory Highway near Crystal Springs, which will mean a great deal of through tourist travel headed for this section of the state.

Procuring of rights of way will be taken up shortly and it is trusted that property owners will cooperate in every way possible that no unnecessary delay may occur in getting construction work under way.

LEITER FURNISHES RADIO FOR ELECTION RETURNS

Through the courtesy of Charles W. Leiter, local agent, The Nugget will have an Atwater Kent set on election night next week to broadcast the returns as they come in. Open house will be maintained by this paper for all its friends and the office will be open until such time that night as the election has been decided and our telephone, No. 36, will be available to all wishing to call in for the returns at any time.

The radio has come to play a very important part in broadcasting events and this paper will be up in the front rank in the speed and quality of its news service on that night. The Atwater is one of the popular sets on the market and through Mr. Leiter's competent handling in this territory has enjoyed a large run of business.

Enjoy the election returns with The Nugget.

KIRBY THOMAS HEADS NEW YORK COMMITTEE

Mr. Kirby Thomas, who was in Nevada City recently in connection with the financing of the Western Mines Consolidated, Incorporation project, in an eastern inteview expresses the conviction that Mr. Hoover will carry New York state. Mr. Thomas was chairman of the Greater New York "Hoover-for-President" Engineers' Committee before nomination and now is a member of the New York Engineers' Hoover Committee. He is expected to return to California shortly.

George F. Stone, mining man of Forest, was a business visitor here during the week.

Mrs. Masters and son, Milton, spent last week in San Francisco. Her husband, Dr. Masters, was called to San Francisco from Los Angeles on business matters and they motored down to be with him.

Mr. and Mrs. Stanley Noel and son, Robert, of Oroville are here visiting their aunt and uncle, Mr. and Mrs. James Allen.

L. Baccaglio of Ukiah was in town Friday on his way to the Twin Sister mine to spend the week end.

Mrs. Henry Huckins of North San Juan and daughter, Mrs. Acton M. Cleveland and children of Camptonville were Friday visitors.

Look for Patsy. advt.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been placed on record—

The Nugget placer claim in Moores Flat Mining District by L. E. Granger.

The Idaho placer claim in Moores Flat Mining District by L. E. Granger.

TRAMWAY COMPLETED AT GASTON PROPERTY

With the assurance from officials of the Nevada Irrigation District that an adequate amount of water woul be supplied the North Bloomfield ditch, work at the Gaston Ridge mining properties is proceeding apace with excellent prospects for developing one of California's really big mining properties. The water is used for generating power.

About 60,000 feet of the winter supply of timber for mining operations has already been turned out by the company sawmill and six months' supplies have trucked in in preparation for the winter.

A surface incline tram between the Harmon tunnel and the drainage tunnel some 1900 feet lower down, is about completed and will be put into operation. This will greatly facilitate development operations which are getting under way nicely.

Active development of the big property which has been taken over by the Rescue-Eula Mining Company is proceeding, according to General Manager Otto E. Schiffner. Things have not looked so promising on the Ridge between Washington and Graniteville for many years and a new era of mining is confidently looked forward to for the coming year.

ALPHA STORE BUILDING READY IN TWO WEEKS

Within two weeks the newly rebuilt Alpha store building will be ready for occupancy according to General Manager Fred F. Cassidy to a Nugget representative Friday. Contractor Robert Steger expects to have his work completely out of the way within the next few days.

The concrete walls are to be stuccoed and a steel ceiling will be suspended from the steel roof trusses which will make a fine store interior. Glass openings will appear in the ceiling under the roof skylights which will give a well lighted interior. Indirect lighting fixtures will furnish the illumnation when necessary. The wiring is under the supervision of Lloyd Hiscox, local electrical expert.

The Alpha Stores will feature hardware, mine supplies and furniture in their new store here and will put in a fine stock throughout. The mine supplies department will doubtless be unsurpassed by any store in California, which will make this extremely popular with the mine operators of this section of the state. Buying as they do, this store is able to offer extremely attractive prices on about everything needed in mine operation.

The American Railway Express will again be located in the building in its former location.

The community will view with delight the new store which is modern in every respect and which is a credit to the city in every way.

Mrs. Frank Davies and little son, Craig, are visiting in Vallejo with relatives.

Mr. and Mrs. C. B. Kruger have returned from Sierraville, where they have been for several months.

Mrs. William Murchie and daughter, Maud, of Sacramento arrived here Thursday and will visit with relatives for a time.

Emil Abadie, superintendent of the Standard mine near Crescent Mills, was in Grass Valley Friday.

Mrs. Clara Weeks and Miss Margaret Keleher spent last week-end in Palo Alto.

Miss Alice Dillinger spent last week end visiting friends in Newcastle.

Frank Hooper was a business visitor in Sacramento Friday.

Subscribe for The Nugget.

AFFLECK, AVENA OPEN UP NEW GRAVEL DEPOSIT

A new mining enterprise will be under way the next few days when A. R. Affleck and Joe Avena will start a drag line outfit working on the Ben Waite property on Deer creek below the Champion mine. They have taken a lease on 20 acres of virgin ground and figure by this method to handle the gravel as economically as a dredger.

A prospect shaft sunk in the gravel by the parties showed up well in values according to Mr. Affleck, who has mined for a number of years He has of late been operating near Shingle Springs in El Dorado county.

The drag line excavator will work along on top of the gravel and will dig a hole through the tailings down to bed rock 30 feet wide. The material will be handled through regular sluice boxes and will operate similar to a dredger in disposing of the debris.

This plan of handling gravel will be watched with a great deal of interest as it may prove an economical method of handling a number of gravel properties in this section. The excavator which weighs 23 tons was denied permission to cross the Main street bridge and it was necessary to unload it from the trailer it was being brought up on. It made the crossing of Deer Creek above the county hospital and was then loaded on the trailer again and taken to the school house at Indian Flat where it was again unloaded and taken to the workings.

FINE INSTITUTE GIVEN FOR COUNTY TEACHERS

The Teachers' Institute held the past week was proclaimed one of the most successful ever held in Nevada county and many compliments were extended Mrs. Ella M. Austin, the efficient county superintendent for her work in arranging and carrying out the splendid program that was presented for the four day session. The various speakers from outside gave fine addresses and much helpfulness to the instructors of the coming generation.

The sessions were held at the Grass Valley high school and were largely attended throughout. A playlet, "The Rainbow's End" presented by the students of the Washington grammar school on Thursday afternoon and directed by Miss Elizabeth Smith was one of the entertaining features.

HARVEST FESTIVAL AT PEARDALE IS ENJOYED

The Harvest Festival staged by the Peardale Farm Center Frdiay night was largely attended by the surrounding country and many compliments were showered on the officials who put over the idea. Robust refreshments consisting of baked potatoes, weinies and a barrel of apple cider added an autumn flavor to the proceedings. An interesting program of music and talks featured the evening.

Miss Laurel Phillips spent a few days in Oakland with her brother, Avery.

Chrsi Honold, pioneer resident of Forest City, visited here Thursday.

Mr. and Mrs. S. Lee Leiter are home from a two week's vacation at Byron Springs.

George E. Trevithick is here from Emigrant Gap. He is receiving medical attention for an injured eye. A piece of steel got into the eye while he was working.

George E. Kunz was here from Healdsburg to spend the week end at the Twin Sister mine.

Ray O. Foster of Ukiah, president of the Twin Sister Mining Company; was in town Thursday and Friday.

Larry Neass, son of Mrs. J. B. Luther of Grass Valley, was superintendent in charge of steel construction on the tube under the Oakland estuary which was formally opened Saturday.

Wade Brown, Rough and Ready farmer, was a visitor here Monday.

COMPRESSOR IS BEING PUT IN AT THE TWIN SISTER

With the large compressor being installed at the Twin Sister mine and a large tank for water storage, things will soon be humming again at the property at Snow Point. It should not take a great while to complete the work of driving the No. 3 tunnel to its objective under the rich ore shoots developed on the No. 1 and 2 levels. There is approximately 300 feet to drive but with the machine drills rapid progress should be made.

President Ray O. Foster of Ukiah and some of the company stockholders were at the property for the week-end. This property is one of the likeliest looking prospects of the upper district.

NEVADA COUNTY WITH NO DEBTS, IS ONE OF 16

It may be a matter of news to a number of people that Nevada county is one of sixteen counties in the state that has no bonded indebtedness outstanding. This is a remarkable testimonial to our board of supervisors, who have paid their bills as they went along. Forty two other counties have a staggering total of $141,389.03.

The other counties basking in the sunlight of the "pay-as-you-go" policy are, Amador, Calaveras, Humboldt, Inyo, Madera, Mariposa, Mono, Monterey, Shasta, Sierra, Siskiyou, Trinity, and Tuolumne.

San Francisco county has a total bonded indebtedness of $8,463,300, Los Angeles $10,007,465 and Alameda $5,205,260.66.

COMMANDERY MEMBERS IVISIT AT SACRAMENTO

A number of members of Nevada Commandery were in Sacramento Thursday night to attend the meeting in honor of the Grand Commander, A. J. Copp, Jr., of Los Angeles. Those from Nevada City were W. E. Meservey, Jos. F. Stenger, Al Martin, R. J. Bennetts and Gilbert J. Daivs. E. L. Cleveland, Albert Thomasson and Leroy Stevens, former residents, now living in Sacramento and members of Nevada Commandery were also in attendance.

Mrs. George W. Brown, Graniteville school teacher, was here for Institute Week.

James Coughlan accompanied by Miss B. A. Hahoney, motored in from North Columbia Monday for a shrot business trip.

Superintendent O. E. Schiffner of the Gaston Mines came down Wednesday from the mines for a short stay here with his family and to attend to business matters.

Rev. and Mrs. H. H. Buckner have as a guest, his mother, Mrs. A. C. Buckner, of San Jose.

District Attorney and Mrs. W. E. Wright have as guests, Mr. and Mrs. A. N. Brown of Modesto.

Mr. and Mrs. R. N. McCormack and son, Noble, spent Friday in Sacramento. Miss Irma McCormack, teacher in the Roseville schools, accompanied them home for the week end.

Mrs. A. Durbin has left for Sacramento where she will spend the coming week.

Percy Weimer, rancher of the Chicago Park section was in town on business Friday.

R. E. Meisse and R. L. Paine are home from a business trip to Yreka.

Miss Billie Paine is in San Francisco visiting with relatves.

Master Billy Plummer is ill at his home.

General Manager F. F. Cassidy is proud of a post card which he received from the Leipzig Fair management and which came over in the Graf Zeppelin recently.

Judge Raglan Tuttle has been appointed to fill a seat on the District Court of Appeal at Sacramento for the time being.

The county clerk's office has been busy with sending out sample ballots to the voters.

GARDEN VALLEY DREDGE RESUMES OPERATIONS

CAMPTONVILLE, Oct. 27,(Special to The Nugget)—The Garden Valley Gold Dredger is again operating after having been closed down for several months. The dredger was built several years ago by H. G. Kumle and Charles Kassabaum, who ran it for two years at which time Kassabaum bought out Kumle, and ran it himself up until this past year. Dr. and Mrs. Evans, of Sacramento, have taken over the entire interests and are now operating it for themselves.

They placed A. Berner in charge as superintendent and he has been busy replacing worn parts and making needed improvements to the boat. The heavy storms of last winter did considerable damage in that section at one time leaving the boat high and dry on the creek side.

Berner is an old experienced dredge man, having been connected with the Oroville dredgers when they started and having a wide experience in other dredging fields, and the present owners of this property were in good fortune in getting hold of such a man to operate their dregder.

The Garden Valley dredger has had some very good ground, and still has a lot of gravel to work which has never been touched. This section has been a good gold gravel country in the past, but never has had anything larger on it than the common sluice box and the old Chinese wheel. It is considered good dredging ground; a drag line was tried there at one time, but it is wrongly situated for that kind of operation.

ODD FELLOWS CELEBRATE BIRTHDAY ON SATURDAY

The 75th birthday of Oustomah Odd Fellows lodge of this city will be appropriately observed next Saturday evening. A program proper to the occasion is to be given, the Grass Valley and Auburn lodges furnishing one number. A dance and banquet wil lfollow the program.

The committee of arrangements is headed by Noble Grand H. D. Shearer and other members are John W. Darke, L. F. Whitney, John Pascoe, Carey S. Arbogast and Al Seaman.

The committee is endeavoring to secure the Elks hall for the exercises.

All Odd Fellows and Rebekahs in the district will be welcome on this occasion.

Judge Harold Louderbach of San Francisco, Grand Master of the state order, will be present for the occasion.

ELMER NORTON PASSES

Elmer Norton, young son of Mr. and Mrs. E. R. Norton of Gold Flat passed away last week as the aftermath of an attack of scarlet fever. The funeral services, which were private, were held from the Holmes Funeral Home Tuesday afternoon.

Mr. and Mrs. Eugene Tucker have had as visitors, Miss Beth Beamer and Frank Bristol, University of Nevada students.

P. S. Waldron, of the Plumbago mine, visited his mother and other relatives during the week.

Mr. and Mrs. Peter Arbogast of Blue Tent, had as guests, Mr. and Mrs. John Morgan and children of Sacramento.

Sheriff Carter raided a club at Truckee last week and Judge Ocker assessed the customary $150. which was paid.

Master Jackson Englebright, son of Congressman and Mrs. H. L. Englebright, is ill at his home with a light attack of sickness.

Mrs. C. E. Parsons and daughter, Katherine, spent last week-end in Sacramento.

Mrs. Will Menhennet, who was called here from Mesa, Arizona, on account of the serious illness and death of her father, Will Reynolds, left for her home Saturday.

Mr. Haverstock, hotel man, of Washington, accompanied by Chas. Bley of that city, were in Nevada City Saturday attending to business affairs.

Mrs. George Searfe, who has been so ill for some time, is slowly recovering, which will be good news to her many friends.

C. O. Brown, of the Sunnyside Greenhouses, has been making a short visit in San Francisco.

MOHAWK SHAFT CUTTING THRU FORMER TUNNEL

Workmen were put on at the Mohawk property Friday to clear the bottom of the shaft from the muck coming in from the old water level tunnel run in early days. A large quantity of cement was previously poured in the old workings to hold the muck until the shaft timbers could be run through the opening but the attempt was unsuccessful.

The shaft had reached a depth of 50 feet when the tunnel was struck amidships and work has since been held up. With the shaft pushed beyond this point, it will be sunk until a depth of 200 feet is reached. From this point a crosscut will be run to open up the property and determine future developments.

The large holdings acquired by the Yakima-Mohawk company in the Nevada Basin has been one of the encouraging features of the local mining situation of the past few months for future developments as these holdings constitute a large block of ground of proven value.

IRRIGATION DIRECTORS NEGOTIATE IN THE CITY

The directors and management of the Nevada Irrigation District were in San Francisco last week going over matters of additional financing. One matter at issue was the price per kilowat hour to be paid by the power company on the additional water routed through Halsey and Wise power houses which will have to be adjudicated by the railroad commission.

SISTER MARY EVANGELIST O'CONNOR HAS PASSED

Sister Mary Evangelist O'Connor passed away at St. Marys C'onvent, Grass Valley yesterday morning. A solemn requiem mass for the repose of her soul will be celebrated in the convent chapel tomorrow Tuesday morning at 9 o'clock. Sister O'Connor was born in Ireland May 15, 1852.

The funeral arrangements are in charge of the Holmes-Hooper Funeral Home.

Charles McKinney and William H. Richards of the Miners Foundry who are employed on the new bridge across the South Yuba at Washington were down to spen dthe weekend here.

Mrs. W. J. Bennett has returned to her school teaching at Boca after spending the past week here at the Mrs. N. W. Bennetts home.

Howard Penrose who is with the Forest Service and stationed at Emigrant Gap was here to spend the weekend with his parents, Mr. and Mrs. James Penrose.

Mr. and Mrs. R. W. Gaylord and daughter were here from Sacramento to send the weekend with Mrs. C. J. Brand and Miss Minnie Brand.

Mr. and Mrs. John T. Hicks were here from Yuba City to spend the weekend.

W. L. Davis was up from Sacramento to spend the weekend at his home on Deer creek.

Mr. and Mrs. Fred Searls entertained Mr. and Mrs. Robert Searls and family from San Francisco over the weekend.

Mises Dearstene Daniels and Evelyn O'Connor have returned to their school duties at Roseville after spending the weekend here .

The opening game of the basketbal lseason will be played next Saturday evening bewteen the Class A tea mof the high school and the First Christian Church squad from Sacramento. The preliminary game will be the town team vs the De Molays.

With the retirement of L. H. Hartsock as manager for the Pacific Gas and Electric Companyhas brought a merited promotion to Dan C. Stewart ,a long time employe of the company in this community.

Mrs. Karl Kopp is home from a visit with relatives in Oakland.

COZY CORNER CHAT

TWO MEMBERS on the Yuba County Board of Supervisors and the merchants of Marysville are trying to get a highway built from Indian Valley to Woodleaf, thence to Marysville. They appealed to the Board of Supervisors for an appropriation of funds with which to make the survey, but the two other members of the Board objected and the motion was lost. However, some of the Marysville people still persist in having this "play road" so took up a subscription locally and raised $1200 with which to have the preliminary survey made, and Surveyor George Taylor, of Downieville, who also has been advocating a road down the river for a long time, and who is well versed in that section having made other surveys along the route, is now making a survey for this new road.

IT IS INTENDED that the cost of this play road should be borne by Yuba, Butte, Sierra counties, and the Forest Service, with possibly a little aid from some of the power interests who are building dams along the river near that point.

MARYSVILLE IS not wise enough to know that if such a road is built it would divert all travel to Oroville instead of to their "hub" city and they would not be benefitted any more than they are at the present time. Oroville will have a better highway connection to Woodleaf than the road to Marysville will be. For this reason, Butte county may aid with the finances, but Sierra county is too poor to build the small culverts in the state highway which has been built in their county for many years, and Yuba county has not enough cash to spare for road matters to improve the roads they have already built. The Forest Service may have some cash, but they usually have a better use for it than to put it on a play road for some of the valley folks. The power companies may be interested, they will have to replace the California State Highway between Indian Valley and Downieville in various places, and that may be the extent of their road operations.

MARYSVILLE ALREADY has one connection with the state highway via Bullards Bar, and while it does not suit them they all sanctioned it when it was accepted, and they can make a good road out of it a lot cheaper than they can build the road they now are trying to get. This new road is considered a luxury only, is not needed in any sense and it would be an imposition on the people to ask either state or federal money to build such a road.

FROM OUR READERS

JIM STEWART SAYS:

Nevada county has some great friends. They get a $100,000.00 appropriation for an exposition for the State of Nevada and a home for narcotic addicts somewhere else. Of course everyone in Nevada county was crazy about an exposition in the State of Nevada and Nevada county has so many narcotic addicts that they were greatly benefited by the great care bestowed on them.

The present incumbent says she is a great friend of mining. She took so much interest in the High Grade Act, that she did not know that this act had been amended and has been proposing amendments that have already been written into our laws.

During the hydraulic fight she was asked to get a certain degislator's support, which she promised to do, and could have done. This legislator voted against the hydraulic bill and our assemblywoman's excuse was that this legislator had misunderstood her, and thought she was against the bill. She sure must have worked like blazes for the bill, when those she talked to could not tell whether she was for or against it. Draw your own conclusions.

Also, Mrs. Present Incumbent, get up and tell the people of this district whether you are wet or dry. Tell them how you told the drys you had reformed and how you got the Anti-Saloon League endorsement. Just tell them how you came to be riding both a wet and a dry horse. They will listen quietly, they are interested.

Vote for Jerry Seawell and be done with gum shoeing. Vote for Jerry Seawell and the Legislators will know that he is for hydraulic mining without any guessing or misunderstanding.

James D. Stewart.

William E. Moulton is applying for letters of administration on the estate of his father, who died in 1906. The estate consists of property at French Corral. W. E. Wright is attorney for the petitioner.

Leong Ying, murderer of eleven Chinese in Solano county some months ago, cheated the noose Tuesday when he used a hand towel to strangle himself. He was captured at Grass Valley by Sheriff Carter and Deputy Hellings and taken to San Quentin prison.

Elmer Marriott, a student at the Sacramento Junior College, had a narrow escape when a roadster in which he was riding, was wrecked in a collision with another car last week. He was badly shaken up.

The Methodist ladies put on a doughnut sale Saturday that was well patronized.

The Narrow Gauge has a crew of men employed at the Town Talk tunnel in reballasting the track and repairing the trestle at the Camborn Hayle mine.

Several cases of scarlet fever in a light form are reported in the community.

POLITICAL CARDS

For Supervisor, 1st District—
FRANK DAVIES

Respectfully announces himself as a candidate for the office of Supervisor of the 1st District, Nevada County, subject to the will of the voters at the General Election, November 6, 1928.

For Supervisor, 1st District—
RICHARD A. EDDY
(Incumbent)

Hereby announces himself as a candidate for the office of Supervisor of the 1st District, subject to the decision of the voters, at the General Election, November 6, 1928.

PERSONAL MENTION

H. A. Curnow, Ford Grove and Percy Carr motored to Berkeley and attended the football game held in that city Saturday.

M. M. Barnum is here for a short visit after spending the summer in the eastern part of the county with the Tahoe National Forest force.

Karl Kopp has had the stumps removed from the street alongside his bakery and a gutter will be installed to carry off the storm water.

Fred Yost is serving as rural mail carrier on Nevada City's free rural delivery route while the regular carrier John Webster is on his vacation.

Jim Curry, who has been employed at the Gaston Ridge mine, is here for medical treatment.

M. Crowley of Washington was in our city Tuesday.

Corn stalks from the Sale ranch and exhibited at the Grass Valley Chamber of Commerce are 16 feet high.

Theresa Jackson, Grand Chief of the Pythian Sisters, paid an official visit to Olympic Temple Thursday night.

Another thing is, why it is that when a man has cleaned up a quick fortune, he can make all the noise he wants while eating his soup without injuring his social position a particle.

The reason women are taking an active interest in this campaign is simple enough. Several million of them go to work every morning and are subject to the same conditions as men who work for a living. That is why their interest is just as intense as that of the men.

SMARTVILLE PAST MATRON APPOINTED AS DEPUTY

SMARTVILLE, Oct. 27, (Special to Th eNugget)—Mrs. Mary Wright of aldo visited with relatives here last Sunday.

Rev. Peter Ruff of Grass Valley held services at the Methodist Episcopal church at Smartsville last Sunday., with a fairly good attendance.

Mrs. J. Widener and daughter, Hazel, of Pleasant Valley visited with relatives in Smartsville on Thursday and Friday of this week.

Mrs. W. Sproul of Pleasant Valley is the guest of Miss Retha Downey for a few days.

Mrs. Aurelia Colling, Sr. Past Matron of Smartsville Chapter, Order of Eastern Star, was notified last week of her appointment to the office of Deputy Grand Matron of the Seventh District, O. E. S.

Mrs. Jason Jones, Mrs. Hattie Pittman and daughter, Gladys, and Mrs. John Bach, have returned from Sacramento, where they attended the convention of the Grand Chapter, Order of the Eastern Star.

Mrs. Reuel Hendricks, son, Elton, and son-in-law and daughter, Mr. and Mrs. Newton Blodgett, and baby of Brown's Valley were guests of Mr. and Mrs. John Bach and family last Sunday.

Mr. and Mrs. Aden Wright and daughter, Virginia, visited with relatives here last Sunday.

Carl Alpers and Frank Robbins of Grass Valley were callers at the Smartsville Hotel last Sunday.

Mrs. A. L. McMillan visited in Marysville one day this week.

John Cramsie was a business visitor in Marysville last Wednesday.

Mrs. John Murphy visited relatives in Marysville last week.

Mrs. C. W. Huling of Grass Valley is celebrating her 73rd birthday on Saturday of this week. Mr. and Mrs. Huling were former residents of Smartville, and they have a host of friends here, who wish them much happiness on the birthday of Mrs. Huling, and we all wish for them, many more happy and peaceful birthdays together in the future. Some of their old friends in this community expect to call upon Mr. and Mrs. Huling during the week, to extend hearty good wishes and renew old friendships, and recall many happy days of the past.

Mr. and Mrs. W. C. Johnson were in Marysville one day this week.

Mrs. Ida Sprague of Hammonton was a caller at the Bach home last Tuesday.

Mrs. Cora Hacker of Waldo visited with friends here last Monday.

Miss Josie Sheehan of Marysville is a guest at the Linehan home this week.

Mrs. Nellie Dussell and Michael J. O'Connor were visitors in Marysville last Sunday.

Mr. and Mrs. E. J. Douglas were visiting in Sacramento last Sunday.

O. E. Strand and Mrs. Synneve Elefseth were in Marysville last Friday.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, Oct. 27, (Special to The Nugget)— Mr. and Mrs. Don Phillip and son, Clyde of Madera were visitors here this week.

Mrs. Rose Laverina and sister, Miss Lottie Menism of Sparks, Nevada visited here.

Miss Lucille Fogarty left recently for Napa to visit her sister, Mrs. Lloyd Scheffer.

Mr. and Mrs. A. M. Cleveland and daughters, Geraldine and Erylene, visited her folks Sunday. Fred J. Joubert brought them down from Camptonville.

Everyone is busy hauling in their winter's wood.

Jack Lee went to Nevada City one day this week on business.

Homer Musfield, who is working at North Columbia, visited his parents, Mr. and Mrs. I. W. Musfield, Sunday.

Mr. and Mrs. Warren Smith of San Francisco visited their aunt, Miss L. Wood over the week end.

Mrs. Maud Hardy and Mrs. Mary Maddrill of Wheatland, former residents, visited over the week-end here Willie Peck, brother of Mrs. Hardy came up for them.

N. F. Thompson and Frank Bobb of Sweetland were here on a business trip Tuesday.

Ruby Thompson returned to her home one day this week after going to Sacramento on business.

Miss Elaine Coplin of Fresno and sister-in-law, Mrs. Gene Johnson of Los Angeles were here Tuesday on a short visit.

Lawrence Nessler of Downieville visited friends here this week.

Mrs. Denike went to Nevada City one day this week to meet Mrs. Annie Bradbury and bring her over.

Jimmie Northcott of Grass Valley formerly of this place, was visiting here early this week.

CAMPTONVILLE CROPS WERE GOOD ONES THIS YEAR

The harvesting of crops around Camptonville and Pike is about finished. A good yield was enjoyed this season, especially in some kinds of fruit.

John G. Ramm produced some of the best grapes in the history of this section. He had a large variety of muscats, tokays and malagas and several other kinds. He has shipped them to all parts of the country, having more orders than could be filled. Although they are not bigger in size, the flavor of these mountain grapes so far surpasses those of the valley that once a person taste them, discovering their richness in sugar content, they prefer them to those grown elsewhere. Ramm would have had a larger crop, but lost a large quantity by deer. They would enter the vineyard at night time, and destroy a large amount of grapes, eating most of them and knocking them from the vine always picking the best grapes.

Dave Humphrey, successful Mill Creek farmer, had a good crop of potatoes this year. They, too, have a better flavor than the lowland product, and are quite in demand. Bud Wayman of Pike City also produces quite a lot of potatoes.

Apples and pears were abundant this season, the local orchards producing more than were used. Most of these were used locally, and then tons went to waste. The Hotel Francis produced some of the best looking apples, bell flowers and other varieties, from new trees, large, fine, fruit, free from disease, worms, and of fine flavor.

The wild fruit characteristic of that section bore heavily this season. Hundreds of pounds of wild plums were shipped out and a large quantity of wild grapes ripened this season. The wild plum is used extensively for preserves and the grape is the only one which will jell without addition of other substances.

It is interesting to note that some wild plum bushes were transported some time ago, replanted in a different climate, and after several years they started to bear and now furnish more fruit than an ordinary family can use, the fruit being the same as it would in its native place. Usually transplanted wild trees give forth fruit of poorer quality, the transplanting not being good for them.

Walnut trees bore heavily this season and the prevailing market price is rather high.

WE WILL GIVE FIVE MILLION DOLLARS

In accident Insurance to our customers and every member of their family between the ages of 15 and 60 years. No medical examination. No red tape. You cannot afford to be wihout this protection. For every 50c purchase made here, we give you a ticket. When you have 40 of them you can get a $10,000 Accident Insurance Policy for only $1.00. Come in and get full particulars today.

PLAZA SUPER SERVICE STATION

Larsen & Hardt

DO YOU KNOW WHAT FIVE DOLLARS A WEEK WILL DO?

How many people there are in this world who have never had as much as five hundred dollars together at any one time. They think it is a lot of money, and it is. What's more, the firs five hundred is always the hardest to get. The trouble seems to be that most people want it in a lump to start with. It cannot always be had that way and but seldom.

Five dollars a week put away in a savings account, and to most earners it would never be missed, wlil bring you $541 in two years, and the time will pass so quickly that you will hardly realize it has gone. Of this amount you will have deposited $520 and $21.35 will be the amount of interest we will have added for you.

If you have ambition, it you have will power, make the decision today and start such an account at once. No use waiting another day and you will never regret the step

Pinning a Medal on Him

Kirby in New York World, Feb. 20, 1920

THOSE qualifications and achievements which make Herbert C. Hoover so eminently desirable as the next President of the U. S. have never been better described than by Charles E. Hughes at the Carnegie Hall meeting at which the Civic Forum's medal for distinguished public service was conferred upon Mr. Hoover.

"The Americanism of Hoover is shown in every deed, in every utterance. His achievements dignified the nation and established prestige for the American name abroad which even the mistakes of diplomacy cannot obscure. He bears a name illustrious because of remarkable achievements; but best of all, it is a name untarnished, expressive not only of exceptional ability but of the simple life of a modest citizen."

This is the opinion of a man who has been a distinguished Governor of New York, a distinguished Associate Justice of the United States Supreme Court, and the Republican candidate for President of the United States. It is likewise the opinion of an increasingly great number of American citizens of all parties, men and women alike.

Where is there another candidate, Democratic or Republican, to match him?

From an Editorial in the New York World (Democratic) Feb. 20, 1920.

LINDY COMES OUT FOR HOOVER

Colonel Charles A. Lindbergh has assured Herbert Hoover of his support. The great American flyer and the former Secretary of Commerce came frequently in contact through Mr. Hoover's interest in civil aviation, the development of which came under his supervision.

HOOVERISMS

Progress of the nation is the sum of the progress of its individuals. Acts and ideas which lead to progress are born out of the womb of the individual mind, not out of the mind of the crowd. The crowd only feels; it has no mind of its own which can plan. The crowd is credulous, it destroys, it consumes, it hates, and it dreams—but it never builds.

—

Youth to-day is pulling at the traces as never before, it is true, but it is also willing to pull a load. Its eagerness contains a more earnest desire than ever to be of service.

Hoover Is Best Bet

The likelihood is that, under Herbert Hoover's direction, agriculture would achieve stabilization more quickly, more certainly, with fewer waste motions, and with less knocking and backfiring and gear-grinding than under the direction of any other human being.—*Minneapolis Tribune.*

Jobs for 3,000,000

More than 2,000,000 families in the United States earn their living today producing goods for export, and another million families earn their living in the manufacture of raw materials which we import in exchange for our exports.—*HERBERT HOOVER in his Newark speech.*

"Bees are sometimes afflicted with paralysis," says a science note. But it never happens just as you have accidentally knocked over a hive.

-o

The American Bible society reports that more than ten million Bibles or portions of Bibles were printed last year. Somebody beside young America must be reading them.

Approximately 2,400,000 telephones out of the world's total of 29,400,000 on January 1, 1927, were operated by private concerns.

No ingeunity like a boy's. In five minutes he can make enough extraordinary noises to start all the dogs in two blocks to barking.

Remember the other fellow may be right now and then, even if by mistake.

Mrs. Henry Ford Calls Hoover Choice of the Nation's Women

Wife of Automobile Manufacturer Says Issues of Campaign Are the Most Important Since Universal Suffrage.

Mrs. Henry Ford believes that most American women who love their homes and families will vote for Herbert Hoover in November.

So firmly convinced is Mrs. Ford that the isuse of this year's presidential election is "of exceptional importance to women" that she decided to express her views in the first interview on politics she has ever granted.

"The issue is beyond politics," she declared in her home in Dearborn, Michigan, to a representative of the Women's National Committee for Hoover of which Mrs. F. Louis Slade is chairman.

"I shall vote for Mr. Hoover and I believe most home-loving women will

do likewise because he more than any other candidate seems interested in the problems of women and of the home."

So far as women, generally, are concerned, she explained, the basic issue of the election this year is closely connected with Mr. Hoover's unusual interest in their special concerns. In this sense, home-loving women throughout the land and particularly on the farms have a personal stake in November's battle of the ballot boxes.

"Mr. Hoover," Mrs. Ford continued, "seems to me to be the type of man who would do more than talk about helping in such important matters as social legislation.

"Never since women have had the vote has any presidential candidate given such convincing promise not by his words alone but by his record of achievement and by his t of life of fulfilling the ideals which women cherish."

It was not a desire to enter the arena of politics which prompted her to declare her support for Hoover.

Not Politician

"I am not a politician," she remarked, "I helped to the best of my ability in the fight to get the vote. Since we have had the vote, I have always been interested in politics but I have never participated in any direct personal activities in that direction.

"We are for Hoover because we like the kind of work he has already done. His achievement in helping the Mississippi flood sufferers was remarkable, considering the shortness of time. He has done lots of other admirable things.

"We women are tremendously interested in legislation which relates to children or anything to do with the home. We are interested in proper legislation and getting the proper men to put it through. Mr Hoover seems to be the right sort of man."

"Mrs. Hoover's early life and Mr Hoover's in the old farm state of Iowa and on their present fine practical farm in California has helped them both to maintain a deep insight into farm conditions. Mr. Hoover realizes that it is of primary importance that life on the farms should be on the highest possible plane.

"Mr. Hoover will be doing a great thing if he succeeds in making the farm a better place to live on. He will earn the gratitude of thousands of women if he gives families on the farms the same sort of chance to lead a true good American life as most city families already have.

"This, you see, is outside of politics. Politics is too big a subject to discuss in a few minutes. This is true Americanism."

Brilliant Record

Ohio State Journal

Herbert Hoover was fully prepared by nature, education and experience to organize and direct the work in the department of commerce. As engineer, economist and student he brought to his task an unusual ability. As an executive he has directed the work of organizing and rounding out that important d

HOOVERISMS

It is the individual alone who can function in the world of intellect and in the field of leadership.

It doesn't pay to be too skeptical. Some people hear the whistle but don't believe the train is coming until they are knocked off the track.

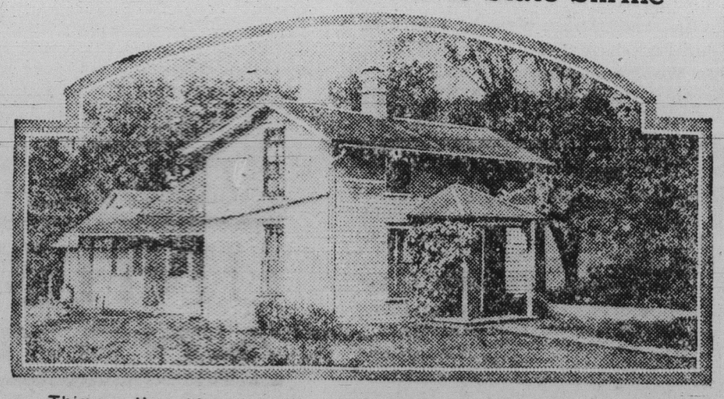
"No woman," remarks the Observer, "can be happy in a house that's built so she can't change the furniture around every week or two."

A full cargo of wheat was sold early this past summer by radio telephone from San Francisco to London.

THIS FARM PAYS

A VIEW of the 1230 acre farm of Herbert Hoover. Operations on Mr. Hoover's farm are conducted on the same high engineering plane as all his other enterprises. The entire acreage is irrigated and highly cultivated for big crops of quality productions. The land was worthless nine years ago when he bought it and was wrested from nature. Every variety of product such as potatoes, cotton, peaches, grapes, onions, figs, etc. is produced. Mr. Hoover constantly checks over with his manager, a university graduate farm expert who has the practical knowledge to go with his scientific education.

Humble Hoover Home Is State Shrine



This small cottage at West Branch, Iowa, where Herbert Hoover was born, has emerged from humble obscurity to become one of the historic shrines of the State. It was even smaller at the time of the birth of Republican presidential candidate. Much of the front has been added since he left to go to work on his uncle's farm after his father's death.

There are six sets of sisters working at the Ohio Bell switchboards at Zanesville, O., among them one pair of twins.

Telephonic communication between Madrid, the capital of Spain, and Lnsbon, the capitol of Portugal, was opened recently.

BITS OF HUMOR

"I don't know much about color harmony," remarks the Observer, "but I do know that green does not become a woman if she gets it through envy."

When it rains in Gotham, reports a columnist, "umbrellas appear magically." This is an important contribution to the knowledge of our times.

Seventeen-year loucsts must be in the same category with the horsehair that turns into a snake.

The A B C's—The Foundations of the "A B C's" were laid about 3000 years ago, but their exact origin is unknown. The framework of the alphabet was used by the Pheonicians; the Greeks added vowels to the consonants of the Pheonician alphabet; this spread to Rome and the Latin world, and the Latinized alphabet spread to the northern races of Europe.

THE NUGGET PAGE OF MINING NEWS

LARGE AMOUNT BARIUM PRODUCED LAST YEAR

Sales of crude barite in 1927, as reported to the United States Bureau of Mines of Commerce, by domestic producers, amounted to 254,265 short tons, valued at $1,670,878. These totals indicate an increase of 7 per cent in quantity and a decrease of 6 per cent in value sales, as compared with 1926.

Of the crude barite, both domestic and foreign, consumed in the manufacture of barium products, 65 per cent was used in lithopone, 24 per cent in ground barite and, 11 per cent in barium chemicals. Foreign crude barite imported for consumption in this country in 1927 amounted to 70,274 short tons, valued at $253,284.

Combined sales of the barium products—ground barite, litopone, and barium chemicals—by domestic producers amounted to 285,595 short tons, values at $19,847,908, in 1927. As compared with 1926, sales of barium chemicals combined increased 9 per cent in quantity and sales of lithopone increased 11 per cent, and sales of ground barite decreased 0.27 per cent.

The lithopone industry is now represented in Illinois and the Middle Atlantic states and on the West Coast at Oakland, California, using Nevada county barium.

NATURE AND USES FLUORSPAR MINERAL

Fluorspar, or fluorite, is a nonmetallic crystalline mineral that usually occurs in glassy, transparent isometric crystals, largely cubic, or in cleavable masses. Less commonly it has a granular or fibrous structure, and occasionally it is banded. Fluorspar has a specific gravity of 3.2, is brittle, has a hardness of 4, and can easily be scratched with a knife. Fluorspar is a mineral of many colors, ranging from clear, colorless, or slightly bluish, and glasslike, through various striking hues, of which purple and green are most common. much of it is white and opaque. Chemically it consists of calcium and fluorite in the proportion of 51.1 to 48.9.

A very small quantity of clear fluorspar crystals is used for optical purposes; fluorspar is useful in correcting the color and spherical aberration errors in lenses, especially for microscopes and small telephones.

Copies of the Bureau of Mines statistical report on "Fluorspar and Cryolite in 1927," by Hubert W. Davis, may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., at a price of 5 cents.

NAPA COUNTY

The Bella Oaks Quicksilver Mining Company is doing development work. A large quantity of ore is in sight and on the dumps. A new furnace is practically completed. This mine is situated at Rutherford

LAKE COUNTY

The Red Elephant Quicksilver mine is installing a furnace of 20 tons' daily capacity.

Although England has stabilized the date of Easter, setting it for the Sunday after the second Saturday in April, this is no sign that the weather can be standardized or fixed for that day.

A returned army officer describes Sandino as "just a little prowler back in the Nicaraguan hills." He should have added, "with claws."

STAGE SCHEDULES

Downieville Mail and Passenger Stage departs at 1 p. m. daily except Sunday for North San Juan, Camptonville and Downieville, arriving at Downieville at 5 p. m. Leaves Downieville at 6:30 a. m. making connection at Nevada City with the N. C. N. G. pasenger train for Sacramento and San Francisco.

Alleghany and Forest Stage leaves Nevada City daily except Sunday at 1:00 p. m. for Tyler, North Columbia, Alleghany and Forest. Leaves Forest 6:30 a. m. for Nevada City.

USES SILICA ARE DESCRIBED BULLETIN

Silica occurs in deposits of commercial importance in many different forms, such as vein quartz,as a constituent of pegmatites, as sand, sandstone, quartzite, as rose, smoky, and amethystine quartz, it has value as gems. A statistical reports on the production of silica in 1917, just published by the United States Bureau of Mines, Department of Commerce, deals with silica of all kinds except gem quartz, silica sand or sandstone used for making glass, and silica used in the form of sand, gravel, crushed material for building, for concrete and mortar, for foundry and furnace work, and for cutting grind stone. This report is obtainable from the Superintendent of Documents, Government Printing Office, Washington, D. C., at a price of 5 cents.

SHASTA COUNTY

Control of the Concordia-Virginia Mining Company has been given to Zeb Kendall of San Francisco. It is composed of seven claims including the American mine at French Gulch.

The Reid mine in Old Diggings district near Redding has been bonded to New York interests.

CALAVERAS COUNTY

The Lava Bed gravel mine at Railroad Flat has been bonded by A. J. Lester to W. W. Wishon of Los Angeles. It is understood that work will start at once.

The old Mexican diggings near Jamestown are reopening. Six men are working. A ten stamp mill is on its way from San Francisco to the mill to be installed. S. E. Hadlock is superintendent.

The O. J. O. mine has been cleaned out and timbered. A two foot vein was found recently which is said to carry values from $40 to $60 per ton.

The Oak Hill mine is being cleaned and old machinery repaired and new installed. It is claimed valuable deposits of copper, gold and a little silver were exposed in retimbering. A mill is to be installed in the spring. J. E. King is superintendent.

EL DORADO COUNTY

The Kelsey Mining Company at Placerville reports a strike of good ore. It is said to assay $1000 a ton. The ledge in which the high grade ore was found is 24 feet wide and is said to average $30 per ton. Ten men are employed. A mill of 40 ton capacity has been installed. F. W. Krecht of San Francisco is president.

PLACER COUNTY

The Beauty mine is making good progress. Several men are employed One of the ledges on which work is being done is four feet widewith bunches of high grade ore. H. J. Snyder is president.

Perhaps the original chump was the one who left his needle in the haystack in the first place.

Nevada City to Sacramento and return, sold every day, limit 14 days, $4.50; from Grass Valley, $4.00.

INYO COUNTY

The Big Silver Mining Company in Inyo county made its ititial shipment of 200 tons of ore. It is said values run from $200 to $400 per ton. Silver predominates. Sulphide ore has been discovered in No. 1 vein on the 3rd level. Work is progressing rapidly. John D. Fields is president and manager.

KERN COUNTY

The Gwynne mine east of Bakersfield is being worked by Otto and Jack Geringer. It is said they have spent $50,000 in road and generral development. The tunnel is about in about 1,000 feet.

TUOLUMNE COUNTY

A lease and bond of the Cherokee mine has been made by Frank S. Mitchell of San Francisco. They expect to make a drift of 825 feet on the course of the vein from the main shaft.

The Experimental Gulch mine is drifting toward ledges which are said to contain good ore values.

The Mildred Floyd mine is making a fine showing. Chas Christman claims assays go from $240 to $1000 per ton. 5 men are working.

Pocket miners on Saw Mill Flat and Bald Mountain are running new tunnels.

PLUMAS COUNTY

The Hibernia mine near Greenville is erecting a 10 stamp mill. It wes recently purchased by the Yakima-Mohawk Mining Company. Ore is now being blocked out.

The McMillan property east of Hibernia is also being developed. A 900 foot tunnel is said to be in promising ore.

The Gibraltar mine is bringing in supplies to make a winter run to tap a channel that is said to carry good ore values.

Property owned by E. Crowell of Stockton and adjoining the Gibraltar is also showing good values it is said.They have sunk a 280 foot shaft.

AMADOR COUNTY

The Bunker Hill mine near Amador City are making preparations to unwatering the mine. The mill is a 40 stamp one capable of handling 200 tons of ore daily. It is 2,382 ft. deep with much additional work having been done in previous years.

The Lincoln mine at Sutter Creek is operating a 3 stamp mill on a ledge of milling grade ore.

The Arganaut Mining Company is said to have found ore averaging $11. per ton on the lower levels, at its property at Plymouth. 125 men are working and 30 stamps dropping Ben Sanguinetti is superintendent.

J. W. Bullock is making preparations to open the Bunker Hill mine near Amador City. Andrew Riley is in charge.

The Union Mines at Mokelumne Hill have broken into bedrock on one rim of the channel. It is said ore runs about $5. a pan.

The Ohio Bell Telephone Company will spend $7,000,000 on new construction workin the city of Cleveland this year.

A woman spends a good deal of time powdering her nose, but the only time a man's nose gets any attention is when he has a bad cold.

It pays to advertise. Old Diogenes carried a lantern for so long that today his name is a household word.

Scientists have found germs increase their speed under a red light. Certainly, and some of them are driving automobiles.

THEY AGREE ON POLICIES

Women Workers Back Hoover For a Full Week's Wages

Women's Trade Union Leader Declares He Alone Can Prevent Lowering of Living Standards Throughout the Nation.

By Alice Fox Pitts

Whether or not the average American wage-earner can take home a full week's pay envelope every Saturday night in the next four years depends on the election of Herbert Hoover, according to Mrs. Raymond Robins, who will spend several weeks at Republican National headquarters directing campaign activities among industrial women of the nation.

Mrs. Robins was president of the National Women's Trade Union League for fifteen years, president of the International Congress of Working Women for six years, and also served on the committee on education of the American Federation of Labor.

The abolition of poverty has always been the hope of dreamers but never before, Mrs. Robins points out, has a practical statesman set out to prove how, to a very large measure, that idealistic state can be attained. As Secretary of Commerce, Herbert Hoover has stimulated our foreign trade. Commissioners have gone abroad with samples of goods and brought back orders. This has meant more work for our factories, more jobs for our men and women. By showing manufacturers how to eliminate waste in production, he has put their business on a sounder basis, once more increasing the wage-earner's chance of getting a job and keeping it.

Since one woman in every five in this country works, Hoover's activities affect millions of women directly in this way. People as a whole do not realize the extent to which women are employed in factories today. Mrs. Robins says. When carpentry was done by hand, women could not engage in that occupation because they did not have the physical strength for it. Now doors, window sills and other parts of houses are turned out by machinery, and such machines are run by women. The same is true of many other occupations.

To these factory women, the election of Herbert Hoover is of prime importance, for it means the preservation of their jobs, according to Mrs. Robins. They must vote for him to prevent their standards of living being lowered to European levels. That is the argument Mrs. Robins will have her workers hammer home.

Responds to Cheers

Herbert Hoover responds to the cheers of the vast throngs that greeted him on his tour through New Jersey. He was greeted with enthusiasm everywhere, especially in the so-called Democratic strongholds of Mayor Hague in Hudson County.

Borah Pays Tribute

Describing Herbert Hoover as "one of the great administrators of all times," Senator William E. Borah of Idaho declared that "the issues of this campaign are every day problems, such as farm relief, cheaper transportation, development of waterways, a public utilities policy, conservation of electric power, and the maintenance of our Constitution as the people had written it."

Tariff Came First

The first of our policies which have given security and expansion of employment has been the enactment of the protective tariff. - *HERBERT HOOVER in his Newark speech.*

Discontent Breeds Content

We try to make every boy discontented with his lot, and we achieve the most contented and unified and stable country in the world.—*Herbert Hoover.*

STRAWS BLOW 7 TO 1 FOR HOOVER

Miss Esther Howard and Miss Hazel Eberhart gather in the straws at Republican headquarters. The straws are post cards from people all over the country listed in "Who's Who." A query was sent to each person listed. Final counts revealed that 8,762 of those who replied will vote for Hoover and 1,270 will vote for Smith. Hoover carried all states but Mississippi, South Carolina, and Arkansas. In many of the so-called doubtful states Hoover received an overwhelming proportion of the votes.

INTERESTING RELICS ARE UNEARTHED SWEETLAND

FRENCH CORRAL, Oct. 27, (Special to The Nugget)— Well, here we are at the end of October and no rain yet, and such antics as the weather plays! The clouds roll up and the wind comes strongly from the south and we hasten to prepare for the coming storm! Those who still enjoy outdoor slumber, rush around to get the bedding under cover. A few drops of rain fall and we hasten our efforts, and when all is piled inside pellmell and we are ready old Sol peeps out with his warm smile. We find that our rainstorm was only a joke! Even a session of institute fails to bring the much neede moisture. We pity the thirsty animals that have to travel so far without a drink. Several droves have passe dthrough this week owned by Staples, Buck and Owens.

Clyde Browning, who is attending high school in Nevada City, is spending institute week here with his parents.

Miss Louise Moulton came home from North Bloomfield Friday. She is spending institute week in Grass Valley.

Curtis Halbert of the J. B. Colb Company of San Francisco is here installing a lighting plant in the home of W. S. Moulton.

Mrs. G. Olive and Mrs. H. Thomas went to Marysville this week.

Warren and Eugene Thomas have gone to Hammonton to visit relatives.

Mrs. C. W. Perry of Reno and her daughter and husband, Mr. and Mrs. Howard McCurthy, and little son, Billy, were visitors over Sunday and Monday at the home of Mrs. Perry's brother, W. E. Moulton. Mrs. Perry was born and raised in French Corral and in recent years lived here when her husband the late, C. W. Perry, passed away five years ago.

W. E. Moulton made a business trip to Marysville Saturday.

Mrs. E. Sutherland and daughter, Miss Barbara, were visitors in Nevada City Tuesday.

G. L. Sweetland has returned to his home in French Corral.

We learned today that Edgar Mull now of Ohio, made a trip to Sweetland last week. We regret that he did not extend his visit to French Corral, as he was for several years a resident of this place, when a school boy. His father and mother kept a hotel here at that time. He was born in Sweetland. They come back to the old Ridge from afar.

Ernest Collins was a visitor in French Corral Thursday.

Mrs. K. Wood, who has been staying with her son, F. S. Wood of Sweetland for some time was a visitor in French Corral this week.

We learn that Sweetland is affording quite an interesting bit of history. In excavating on the old Pryor place skeletons, arrow heads and beads, and many other articles that might have been used by Indians were uncovered. The exhibit was taken to Sutter's Fort. The parties intend to return and excavate farther. The credulous think we may go back to the stone age. No telling what wonders may be unearthed on the old Ridge yet!

Among those attending the funeral of P. P. Pingaree were, George Pingaree and wife of Los Angeles, a son; Mrs. George Endrich of San Jose, a daughter; Mrs. Ed Waite of Mokelumne Hill, and Mrs. C. P. Fields of Oakland.

Lester Deward, Clifford Carveth, Charles Oliver and Ernest Rowe returned with several limits of the trout they had caught at French Lake. They were some of the finest fish that had been seen here this season.

LANDMARKS IN NEVADA COUNTY CONSIDERED

Historic sites and landmarks in Colusa, Sutter, Yuba, Yolo, Sacramento, Sierra, Nevada and El Dorado counties may be preserved as State Monuments in the State Park System, according to advocates of Amendment No. 4, the State Park Bond Act Among the suggestions contained in a recent report to the California Historical Society, which is to be transmitted by them to the State Park Commission, are:

Old Buildings at Downieville, North San Juan, Grass Valley, Rough and Ready, Coloma, Placerville, Yankee Jim, Iowa Hill, Michigan Bluff, Last Chance, Forest Hill and other typical Argonaut towns

Old Emigrant Roads crossing the Sierras.

Donner Lake, where members of the ill-fated Donner Party perished in the winter of 1846-47.

Old Placer Diggings around Dutch Flat.

Site of Sutters Mill, Coloma.

Old Sutter Mansion at Tudor.

Old Stanford Home at Michigan Bluff.

Old Stone Corral, near Sites.

Old Pacific House where Horace Greeley, Mark Twain and Thomas Starr King are said to have been guests.

A survey of historic sites throughout California is being made by a special committee of the California Historical Society, based on a report by Aubrey Drury, member of the Society. When completed the results of this survey will be presented to the State Park Commission.

Commenting on the importance of the preservation of relics of California's past, Francis Farquhar, Chairman of the Committee, says: "Tourist travel every year brings over $150,00,000 in new money to California. These visitors are drawn here partly by our regions of scenic gradeur and partly by the romantic traditions and historic associations of California, represented to-day by historic sites, many of which will be obliterated, or else exploited for private purposes, unless the State takes steps to preserve them."

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for *Bayer*. And don't take any but the box that says Bayer, with the word *genuine* printed in red:

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

THE NUGGET INDOOR SPORT COLUMN

JACKSON'S PIN SPILLERS IN ANOTHER HECTIC TRIUMPH

There is a dark rumor circulating along Broadway that Si Jackson, erstwhile purveyor of quality groceries down on Commercial thorofare is seriously considering taking his performing troupe of pin spillers on a barnstorming tour of the east coast following their triumphal march through the enemy's camp. A second cleanup on Thursday night confirms this rumor.

The victims on this occasion were the Pierces, who seem to be unfortunate in getting under a full head of steam in their two starts. Si's aggregation is loaded with canister and grapeshot and the pins scatter in every direction whenever any of his artists look at them.

The second round shows Si on top of the heap with 8 points to the good while the rest are in a grand smear. The Mobleys, Schreibers and Nuggets are tied up with 4 each, the Tamblyns have 3 and the Pierces have 1.

The Jacksons are well in the lead with a total pins of 4094, the Mobleys total is 3959, Nuggets 3948, Pierces 3803, Schriebers 3731 and Tamblyns 3674.

Percy Carr is champion pin spiller with a total of 962 for 6 games or an average of better than 160.

The following are the game totals for the past week:

Mr. and Mrs. G. A. Berton of San Francisco visited here a week with friends.

Mr. and Mrs. Fred Thomas of San Francisco visited with Mrs. J. R. Thomas last week.

FROM OUR READERS

ONE WAY TO REDUCE OUR COUNTY TAXES

To Our Readers

Now that the tax collector is sending out notices of your taxes which always makes people feel out of sorts, and they lay blame on this one and that one about the amount being too high, I am going to make another appeal to the people of Placer county and also Nevada county. I have been talking on this wherever and whenever I could get a chance for the past ten years, with no success, for the taxpayers take no inteerst in this most vital question, taxation.

I have talked of the matter in many Placer Chambers of Commerce, Boards of Trade, etc. Fortunately in the past year some of the Northern counties have taken notice of this injustice, and have come to the front to help. Through the California Development Association we have the ball rolling and it looks as if we will get somewhere ,and I am asking the voters and taxpayers to help out, as it means dollars and cents to every taxpayer in Placer and Nevada counties.

I will give you the story in condensed form in Placer county: If the county collected the same rate on utilities that is shown as an equivalent rate colected by the state ($3.85) instead of the county rate of $2.53 on the $7,869,355. being property withdrawn from county taxation, the county would collect $302,970.16, and if a direct tax was levied on $27,988,880, the total valuation of all property in the county, at an estimated rate of .594 the county would pay the state $166,253.94. It would appear that the present plan of taxation represents a net loss to taxpayers in the county of $136,716.12.

The above figures show that in 1927 Placer county paid $136,000 more to run the state than it would had there been equalization. Why should Placer county pay $136,000 more than its share to run the state? We do not wish or intend to change the method of taxation, but we wish to have refunded any amount we pay over and above our just and equal share.

The outside tax-rate this year, not including specials, if you will look at your tax bills is $2.80. Everybody complains about their high taxes and blame the supervisors. If that $136,000 was refunded to the county this year, you could have had a rate of $2.12 instead of $2.80 or a reduction of nearly 25 per cent, or if the outside rate was the same as last year of $2.53, it would have brought the rate down to $1.85—almost like pre war times. In other words if we had not paid more than our share of this state tax since 1910 when the change in this law was made, it would amount to more than the total of one year's tax that we receive in Placer county. It is worth while for you as taxpayers to help work this out for yourselves.

They tell you that the corporations pay it, BUT WE LOSE THE CORPORATION TAX, making it more than we should pay, and all we want is to be reimbursed. Don't forget that we have counties that are against us. Those who don't have enough corporations in their counties to pay the amount they justly owe the state as their share.

There is a combination of circumstances that ought to make the taxpayer and voter sit up and take notice. First, the tax collector is sending out his annual request for money, second, there is an election within a couple of weeks, third, the legislature meets in January, and fourth there has at last been a State Tax Commission appointed to see what might be done about equalizing taxes.

I would be peaseld to go into details on this matter with you any time. What I am asking you to do to help out, is try and work with your supervisors for a while instead of against them. They are for lower taxes, this you will find out when all is said-and-done.

There is one place to stop this unjust tax collection and that is in the legislature. This I have been unable to do for several past sessions. I therefore ask you to put aside all prejudice and look to your own interest and vote for Jerry Seawell for the assembly. A man whom we know will go after this important issue and not dodge it as it has been in the past. It is amusing to me to read in some of the papers how interested our assemblywoman is getting in some of these most important matters, just as a yote getter. Don't be fooled any longer. She tells you she is going to do something with this tax. That is just because it is becoming popular I suppose. In another place in one of our papers I see she is on a committee on re-apportionment. It is to laugh. In the last legislature she was opposed to this bill just for personal reasons and no though for the public, and we all know that every man and woman in Northern California should vote for that measure. Then if these things that are to be done now are not just vote getters, why did she not line up on this state tax years ago, and why did she oppose re-paportionment in the last session of legislature? Don't be fooled again, it means dollars and cents to you, and we have a man in Jerry Seawell, who will go after these things for you. He is ambitious and a rustler, and his aim is to make a record for himself, and his idea of doing this is to do something for the people he represents, and that is what you want.

When this is over, we want to look into the forest lands that have been taken away from our tax rolls, so there is something to be done right along. Think this over and help yourselves. You will soon be getting some sob sister letters.

Two years ago our assemblywoman campaigned among the miners and was going to do so much for them. Then she backed the High Grade Bill which practically put the prospector out of business in this district. Now she is promising them, for their votes, that she will attempt to amend this said bill. I don't think they will stand for that.

Protect your own interests November 6th by sending a man to the assembly who will guard the rights of this district, and strive to remedy some unfair conditions which exist at the present time. Glance at your tax receipts and think it over.

Wm. Haman.

The number of telephones is increasing in the city of Cleveland at a rate of approximately 7 per cent a year, while the population is increasing at 2 per cent annually.

Cattlemen of Nevada county are planning to attend a meeting of the California Cattlemen's Association which is to be held at Marysville on November 1st of this week.

Gove C. Celio and Earl Raymond killed the limit of ducks while on a hunt in Yuba county.

The firt radia telephone conversation from Atlanta to Hamburg, German, resulted in the sale of 400 bale of cotton.

Mr. and Mrs. Lyman Weeks are home after a visit of several weeks at Crescent Mills.

CAMPTONVILLE PERSONALS

Mr. and Mrs. F. S. Labadie of the Hotel Francis have received announcement of the coming wedding of Miss Leda Fay Mullaly, to Mr. Robert Joseph Bushfield, both of San Francisco, to take place Thursday evening November 8th., at the Saint Vincent de Pauls Church, San Francisco. Miss Mullaly spent several years here at the Hotel Francis and made a wide circle of friends who are all pleased to learn of her coming wedding and extend hearty congratulations. After leaving here she went to San Francisco where she graduated as a nurse, having followed that profession since that time. The young couple will reside at San Francisco, where the bride has three other sisters residing.

Henry C. Kattenhorn of Sacramento arrived in town Wednesday to make arrangements for his yearly shipment of Christmas Trees and other holiday shrubbery from this section. This is the third season that Mr. Katterhorn has exported trees from this section. He has also made arrangements for the cutting of a quantity of trees in the vicinity of Graniteville and Bloomfield.

Fred E. Aldous of Bald Top mine was in town Tuesday.

Mat Arnoldy and party of Marysville were in town Tuesday.

C. N. Chatfield of Pike City was here Sunday meeting some mining men who came up to look over his property.

Earl Ricard is driving the Downieville stage while the owner, M. P. Fischer, is taking a vacation.

B. F. McNaught and Mrs. Phyllis Pedell of the Halkyard mine motored to Nevada City Tuesday on a short business visit.

Robert H. Deal of Lady Bug was in town Tuesday, bringing over a cargo of fox terrier puppies.

Louie J. Joubert, noted mining engineer, native and former resident of this place, is now in the island of New Guiena, beyond Australia, doing some exploration work.

Forest Officer E. Smith, of Nevada City was in town Tuesday on official business.

Arthur Deal left Wednesday morning on the stage for Brown Valley.

Mrs. Acton M. Cleveland and daughters, Geraldine and Earline, and Fred J. Joubert motored to Nevada City Wednesday on a brief visit.

CALIFORNIA STATEWIDE COMMITTEE FOR FEDERAL PLAN REAPPORTIONMENT

The Federal Plan of state legislative reappointionment, as adopted by the people in 1926 and as unanimously passed by the last legislature, makes a logical and equitable territorial arrangement of the State Senatorial districts and provides an equally logical and equitable arrangement of the Assembly districts on a population basis.

The operation of this law has been held up by referendum, which will be voted on at the general election November 6, as Proposition No. 1. A vote of "Yes" on Proposition No. 1 sustains the law and confirms the will of the voters as expressed in 1926 and the act of the 1927 session of the legislature.

The total number of legislators—80 in the Assembly and 40 in the Senate—remains the same. The Senate becmes the "territorial" house and the Assembly the "population" house, identical in principle with the United States Congress, as provided by the Constitution—a principle adopted by 20 states of the union.

In the re-arrangement of the Senatorial districts, the law makes possible groupings of counties with similar interests, which follow ligical geographical lines.

The groupings of counties and the apportionment of legislators both in the Senate and Assembly had the unanimous approval of the legislature in 1297 by the enactment of a law to carry out the will of the people as expressed in the adoption of the Federal Plan.

A vote of "yes" on Proposition No. 1 sustains this law, and preserves the balance of power in the legislature.

There are in this country 9,000 telephone companies and, in addition, over 40,000 rural lines which connect with other systems but which do not bear the designation of telephone companies.

Mr. and Mrs. Will Bennetts and little daughter of Boca have been visiting Mrs. N. W. Bennetts. Mrs. Will Bennetts teaches at Boca and attended institute here.

George Sweetland, who has been ill in a hospital in this city has almost recovered his usual good health and returned to his home at Sweetland.

A large delegation of local Knights of Columbus attended the duck stew at Marysville Tuesday night.

Fred J. Joubert of Camptonville was in our city Wednesday.

STATEMENT OF THE OWNERSHIP AND MANAGEMENT OF THE NEVADA CITY NUGGET.

Required by the Act of Congress of August 24, 1922.
State of Cailfornia, County of Nevada, ss:

Before me, a Notary Pubilc, in and for the State and County aforesaid, personally appeared Arthur A. Willoughby, the publisher of The Nevada City Nugget, and that the following is, to the best of his knowledge and belief, a true statement of the ownership and management of the aforesaid publication for October 1, 1928, required by the Act of Congress of August 24, 1912, embodied in section 443, Postal Laws and Regulations, to-wit:

Publisher, Editor and Managing Editor — Arthur A. Willoughby, Nevada City, California.

Business Manager—Elsie P. Willoughby, Nevada City, California.

That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total bonds, mortgages or other securities, are: Intertype Corporation, Brooklyn, N. Y.

Arthur A. Willoughby.

Subscribed and sworn to before me this 24th day of October, 1928.
F. T. Nilon, Notary Public.

Myers Mobley has returned from his vacation spent around the bay region. He attended the University of California and University of Southern California football game which was held last Saturday t Berkeley.

Henry Goudge has filed his official bond as supervisor from the second district.

The case of Thomas C. Maskie vs. the Shell Oil Company was heard in superior court last week and the case has been taken under advisement by Superior Judge Raglan Tuttle.

Mr and. Mrs. Byrl Babcock of Sacramento visited friends here Monday. While here he addressed the Improvement Club meeting held during the evening.

N. A. Hartung, farmer of Pleasant Valey section, was a visitor here Tuesday.

Telephone workers in the Bell System have given approximately 200,000 full eight-hour days of their own time, outside of business hours, to equip themselves by training at the hands of competent instructors for the redition of first aid.

S. C. Bivens of North Bloomfield arrived here Monday enroute to Sacramento. He is taking treatments for his eyes from a specialist in that city.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sour gas and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby, and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely vegetable.* Give it whenever there's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

TO THE VOTERS OF THE NINTH ASSEMBLY DISTRICT:

GREETINGS:

Although I am trying to meet every voter in the district by personal contact I find that it will be impossible to accomplish this purpose owing to the limited time between the primary and general elections.

Trusting that this article will reach every one of you, I am taking this means of informing you as to how I stand regarding the problems that confront the people of this great district.

I believe that we are in great need of a change in the present mining laws so as to allow our mining industry to prosper instead of being throttled as it is at present. To accomplish this purpose I would be guided by the leading mining organizations of the district and endeavor to program legislation that would relieve the present conditions.

I believe that the farmer knows his problems better than anyone and thru the co-operation of the different form bureaus, the farmer's problems could be reduced to a great extent.

Having been a former railroad man I believe that I know the problems that confront the working man of today and would be a just representative of their cause.

Being the district commissioner of the Girl Scouts and chairman of the Roseville elementary school board, I feel that I am in a position to know the needs of the present school system and am now an active worker for the promotion of child welfare.

I believe that the state should own the beauty spots of this great commonwealth and keep them for the use of the general public and not allow nature's handiwork to pass into the hands of private individuals as nature placed them here for our enjoyment.

My past is open to investigation and I am not bound in any way to an organization, individual or political machine and would be responsible to no one execpt the people of the Ninth Assembly District.

I am making a clean aggressive fight for office and although I have been accused of unsportsmanlike conduct because I entered the race, I have not uttered one unkind remark about my opponent, as I do not desire to make capital out of the mistakes of others.

I am offering myself as a candidate for the office as a member of the assembly, to the people of this district, because I believe they desire to have a voice in the laws that are to be enacted or amended and if the voters so choose as to make me their representative, I shall do all in my power to fulfill their trust.

Mark a cross after my name on your ballot and give yourself an opportunity to have a voice in the problems that confront this district.

Jerrold L. Seawell.

The fellow who cheats at solitaire is the same one who reads the last chapter of the mystery story first.

Modern fashion has done one thing for the timid man. You never hear anyone nowadays accusing him of hiding behind his wife's skirts.

Look for Patsy. advt.

R. A. EDDY HAS MADE GOOD RECORD IN OFFICE

There are a number of things in the record made by R. A. Eddy while supervisor of the first district of Nevada county that are worthy of note. He is seeking reelection to this important post at the general election next Tuesday.

One of the outstanding features of Mr. Eddy's work has been his efforts in bhealf of the Tahoe Ukiah state highway east from Nevada City. At the time when the fight was being waged to swing the highway from Nevada City and run it from Grass Valley to Colfax, Mr. Eddy was to be found valiantly fighting to keep Nevada City on the map and he succeeded. The fact that Nevada county has no bonded indebtedness at the present time makes it one of the important ocunties of the state in this respect.

The building of the handsome new county hospital at a cost of $175,000 with no bonded debt to carry the cost of its construction, is a matter of interest to the taxpayers.

The harmony that has been prevalent on the board during Mr. Eddy's years of service has been noteworthy.

The California valley quail has been successfully introduced into such distant countries as Chile and New Zealand.

LADIES' NIGHT PROVED A FINE OCCASION

The Ladies Night staged by the Lions Club last week proved so successful an affair that it is likely more of the same nature are on the cards for the winter months. There was a large gathering of the members of the club and their ladies and a toothsome dinner was served by mein host Worth of The National Hotel. The speaker of the evening was Roy Cloud of the state teachers' association, who took for his topic some of California's early history which proved most interesting. Following the post prandial, dancing and cards were enjoyed.

MARRIAGE LICENSE TAKEN OUT BY MISS THOMAS AND Mr. LEROY WHITNEY

Miss Hattie Thomas and Mr. LeRoy Ferris Whitney have taken out a marriage license the past few days.

They were united in the holy bonds of matrimony Sunday afternoon at four o'clock. A wedding dinner was served to a large gathering of relatives and friends.

Rev. H. H. Buckner of the Nevada City Methodist church performed the ceremony.

Miss Margaret Wilson and Mrs. A. Thomas acted as bridesmaid and maid ofhonor. The little daughter of Mrs. Wilson acted as ring bearer.

OUSTOMAH LODGE HAS SOCIAL GETTOGETHER

Oustomah Odd Fellows lodge acted as host to an enjoyable party last week following the regular session. Cards were enjoyed and prizes were awarded to Mrs. L. Netz, Miss Kate Eddy, W. R. Jefford and B. Adams.

The Ladies Aid of the Methodist church held a social session at the parsonage Thursday afternoon. A short program was given and refreshments were served.

FINE MEETING ENJOYED BY IMPROVEMENT CLUB

The Woman's Civic Improvement Club held a fine meeting at Masonic Temple last week to hear discussion on the various amendments to be voted on at the election next week. The speaker was Byrl Babcock of Sacramento. Musical numbers were rendered and an enjoyable program listened to.

DELPHIAN CLUB MET ON THURSDAY AFTERNOON

The Nevada County Delphian Club held a meeting at the womans' Club house at Grass Valley Thursday afternoon. The principal feature was an interpretation of "The Dubbub" by Mr. Irving Pichell of San Francisco.

BRIDGE PARTY GIVEN BY LOCAL MATRONS

Mesdames W. E. Wright, Raglan Tuttle and James Hutchison were hosteses at a delightful bridge luncheon at the National Hotel Saturday afternoon. The guest list included sixty ladies.

The dining table was placed in horseshoe fashion and was charmingly decorated with Halloween emblems. Prize winners were Mesdames R. R. Goyne and E. W. Schmidt and Misses Savory Ford and Elizabeth Keenan in bridge and Mrs. A. W. Gill of Grass Valley at mah jongg.

FRANK WILLIAMS WEDS MRS. MAY REYNOLDS

Mr. Frank Williams, a long time resident of this city, was married last week to Mrs. May Reynolds, also of this city, the nuptials being performed by Rev. H. H. Buckner. The couple were attended by Mr. and Mrs. Alfred Fouyer. They will reside here.

MISS GENEVIEVE PAINE IS PARTY HOSTESS

Miss Genevieve Paine entertained at a Halloween party Friday evening at the home of Mrs. George Hegarty. Bridge was the social diversion with Miss Anne Whelan as prize winner. Novel Halloween decorations were used in charming array .

The ministers are supposed to call on their parishoners but they would have to jump into automobiles to do that now.

Trotsky is described as being a man of very few words. After looking at a Russian dictionary we don't blame him.

Whence the Presidents?—Of the 29 men who have been president of the United States of America eight were born in Virginia, seven in New York, three in North Carolina, two in Massachusetts, two in Vermont, and New Hampshire, New Jersey, Kentucky, and Pennsylvania have each produced one president.

We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.—Longfellow.
